

# Additional Recommended Tests and Procedures

**Creatinine** (blood test)  
Measures how well your kidneys are working.

**Dilated Eye Exam**  
Yearly, for early detection of eye problems.

**Micro Albumin** (urine test)  
Yearly, for early detection of kidney damage.

**Dental Exam**  
A dental cleaning every 6 months is recommended.

**Flu Vaccine**  
Yearly, to keep you healthy during the flu season.

**Foot Exam**  
To detect loss of sensation and detect foot problems. Feet should be checked during each visit to your health care provider. A thorough exam using a monofilament should be done yearly.

**Pneumonia Vaccine**  
At least once in your life is recommended.
